Re: Hollie C. Davis - Petition for Hearing and Review Relating to Special
Purpose Districts' Right to Municipal Power Rate
Docket No. 2005-254-E

Dear Mr. Terreni:

This matter was carried over during last week's Public Service Commission of South Carolina ("Commission") agenda meeting so that ORS could respond. Thank you for this consideration. Specifically, this letter addresses Duke Energy Corporation's September 14, 2005 letter requesting that the above-referenced issue be investigated by ORS.

If the Commission deems it appropriate, ORS is certainly willing to accept the task of reviewing this matter with the parties with the goal of reaching a resolution. ORS records show that it has not previously reviewed the issue as set forth by Ms. Davis's petition. Should ORS review this issue, ORS will handle it as a Consumer Services matter. Accordingly, we suggest that, for ease of administration, the Commission may want to close this docket with the expectation that if the matter is not resolved, a party may then petition the Commission whereupon a new docket may be established.

We look forward to the Commission issuing a Directive in this matter.

With kind regards,

Shannon Bowyer Hudson
